Nathan explains the situation with NOAC 2015. Originally, Kawida had had 25 total spots (15 youth, 10 adults) and had requested 5 more (3 youth, 2 adults). Due to the enormous amount of people registering for NOAC 2015, National had had to implement a youth-adult ratio and other measures. This means that Kawida now has 24 seats (18 youth, 6 adults). 13 youth and 16 adults have registered. This means that we need to ask some adults to drop to wait list. How to do this?

Suggestion: have an adult meeting in December to let them "figure it out"
